Superintendent's Message

Jim A. Yovino
Superintendent

Each school year presents new opportunities to improve the lives of students and families through education. At the Office of the Fresno County Superintendent of Schools, we are dedicated to creating safe neighborhood, healthy families and thriving schools. I hope this directory provides the information you need to join us in this tremendous partnership to positively change our community. Best wishes on a wonderful 2022-23 school year!

We can change lives, one future at a time!

The Role and Function of the Fresno County Board of Education

The Fresno County Board of Education works with the Superintendent of Schools to provide services and support to the County's 33 school districts. The Board is directly responsible for the education of youth in the custody of the Fresno County Probation Department through the Court Schools system, which includes Alice M. Worsley School and the Violet Heintz Education Academy. The board is also responsible for Community Schools which serve students who are out of custody and on probation, and students who are expelled from district programs. The Board of Education has the sole responsibility of reviewing expulsion and inter-district transfer appeals.

The Fresno County Board of Education is also involved in the Fresno County School Trustees Association, Inc., the California County Boards of Education, and the California School Boards Association. Board members must reside in one of the five Fresno County Board of Supervisors districts within Fresno County, and are elected by the voters of the district.

About the Fresno County Superintendent of Schools

County offices of education are the intermediate level of the public education system in California. Serving 33 school districts and more than 200,000 students, Fresno County Superintendent of Schools has a legislative mandate to ensure that school districts remain fiscally solvent and in compliance with state and federal laws. Moreover, county offices serve as a safety net for students with special needs, offering direct services for migrant, special education and court and community school students.

County offices also provide a full range of support programs and services. These include professional training and staff development, curriculum, business and finance support, health and pupil personnel services, as well as legislative and public policy leadership and advocacy at the local, state and federal level.

Career Technical Education

The Career Technical Education department manages the Fresno Regional Occupational Program (ROP), Direct Support Professionals Program (DSP), California Health Occupations Student Organization (CalHOSA), the Family Consumer Science Project (FCS), Plumbers and Pipefitters, and Sheet Metal Apprenticeships, CTE and CalWORKS Adult Education, and K12 Strong Workforce Regional Coordination for State Center Community College and West Hills Community College Districts. These programs empower high school students and adults to make meaningful career choices by providing opportunities for them to explore their interests, develop career skills and reinforce academics through career technical education. Courses are offered in 22 school districts in Fresno, Madera, and Mariposa counties in 48 career pathways with courses varying from school district to school district. Fresno ROP offers students a wide range of educational benefits, including college credit for qualifying courses, industry certification and internships when appropriate. More importantly, Fresno ROP allows students to develop a passion in what may become their lifelong career. The department offers the Designated Subjects CTE Credential for teacher preparation to those with industry experience that want to become CTE teachers.

Fresno County Court and Community Schools

The Court Schools provide educational services to students who are in the custodial care of the Fresno County Probation Department at the Juvenile Justice Campus (JJC). Alice M. Worsley School is located at the JJC.

The Community Schools provide educational services to students who are either referred by the Fresno County Probation Department or school districts, as well as students who have been expelled from school districts. The Violet Heintz Education Academy (VHEA) school site is located near Clinton and Chestnut Avenues.

The schools are fully accredited by the Western Association of Schools and Colleges and offer a course of study that leads to a high school diploma.

Migrant Education Program

The Migrant Education Program (MEP) is a federally funded supplemental program that provides education and support services to identified migrant students ages 3-21. The program focuses on the areas of English Language Arts, Mathematics, High School Graduation, School Readiness, Health, Out of School Youth and Parent Involvement as defined in the California State Service Delivery Plan for Migrant Education.

The goal of MEP is to ensure that migratory students are provided with appropriate supplemental academic support that address their unique needs. They are afforded ample opportunities to reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning and productive employment.

Student Education

The Student Services Department provides individual, small group and classroom instruction that emphasizes the development of cognition, language, social, behavioral, self-help and academic skills to individuals ages 0 to 22 who have various forms of abilities. Needs are addressed within a framework of developmentally appropriate curriculum aligned with state standards. An important goal of our program is to enable students to become independent, valued citizens of their communities. Services are provided in a variety of settings including home, preschool, school and community.

Special Education Local Plan Area (SELPA)

The Fresno County SELPA is divided into four regions with representation from 31 Local Education Agencies (LEAs), including the Fresno County Superintendent of Schools Special Education Operated Programs. The SELPA ensures the delivery of special education programs and services to the students with disabilities residing within our regional boundaries. The SELPA also provides professional development monitoring and compliance and autism consultation services.

The Fresno County Charter SELPA is composed of Charter LEAs located in Central California. The Charter SELPA ensures a quality educational program appropriate to the needs of each eligible child with a disability who is served by the Charter LEAs. The Charter SELPA offers support with quality special education services, professional development and collection and data reporting.

All 4 Youth

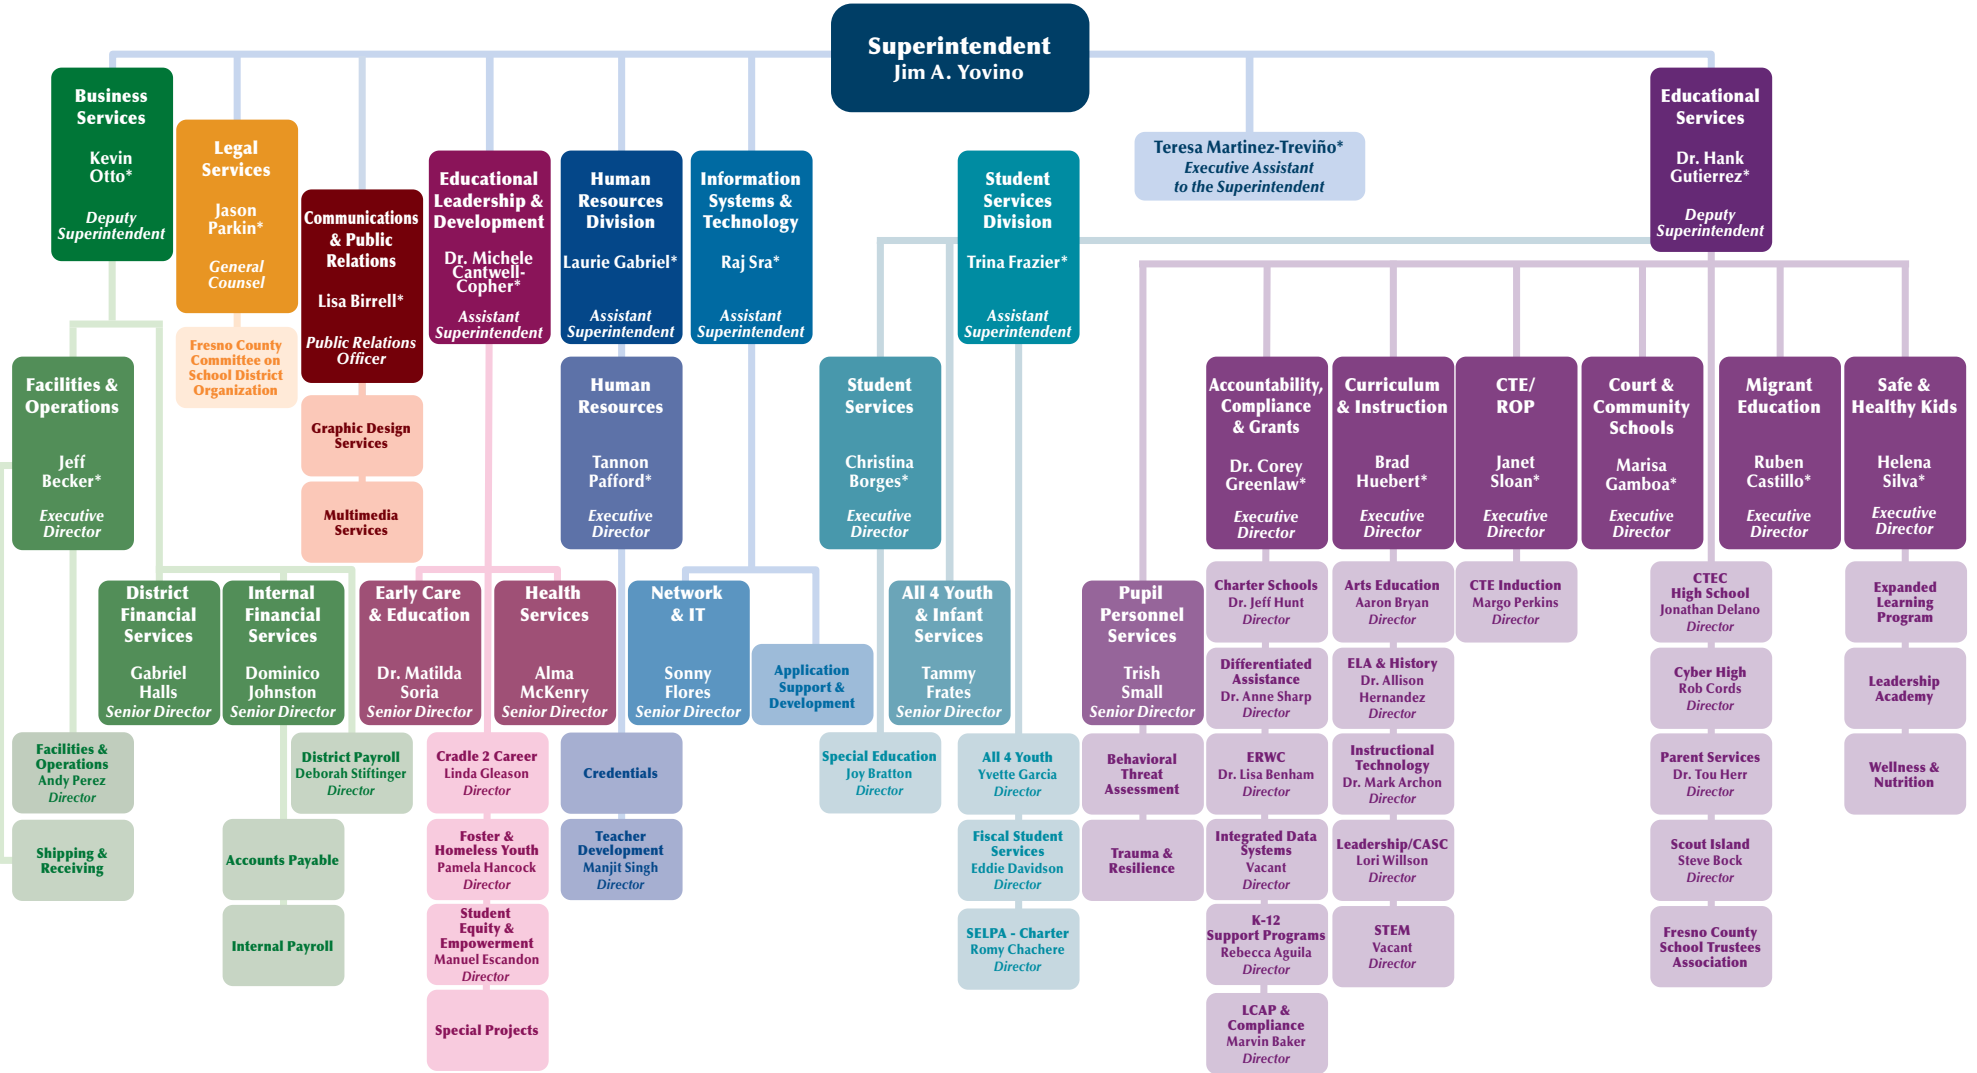

FCSS has created an integrated system of care along with Fresno County Department of Behavioral Health that ensures all youth 0-22 in Fresno County have access to behavioral health services to support their social, emotional and behavioral needs, as well as promote health, well-being and resiliency. Services are provided at school sites, homes and in the community. FCSS Wellness Centers are located at Fowler High School, Riverdale High School, Fresno Pacific University and Tarpey Elementary in Clovis Unified. The Wellness Centers are where students and families are connected to resources.
