Resolution No. 2024 - 85 (FCSS)

WHEREAS, an exemplary public education system is fundamental to the prosperity, quality of life, and civic health of all citizens and communities across the state of California. An educated populace contributes to a strong economy, a vibrant culture, and the democratic principles upon which our society thrives. Public education provides each generation with the skills, knowledge, and values necessary to participate effectively in our rapidly evolving world, upholding the standards of equity, opportunity, and inclusivity vital to our communities.

WHEREAS, school board members represent a cornerstone of our public education system. Through their tireless dedication and commitment, they provide leadership, guidance, and oversight to ensure that our schools fulfill their mission of fostering a nurturing and enriching environment for all students. School board members serve as advocates, decision-makers, and community representatives, bridging diverse perspectives to shape policies that best serve the unique needs of each district and student body. They are committed to upholding the belief that all children possess the capacity to achieve success in learning and personal growth, thereby ensuring that all children are included in the pursuit of educational excellence.

WHEREAS, school board members are steadfast champions of public education who work diligently to advance the mission of meeting the diverse educational needs of all children, empowering them to become capable, responsible, and compassionate citizens who contribute positively to society. In fulfilling their roles, school board members collaborate closely with parents, educators, and other stakeholders in the community. Their dedication to public education strengthens community bonds and promotes lifelong learning, critical thinking, and a commitment to democratic values.

WHEREAS, through their dedicated efforts, school board members exemplify a commitment to equity and inclusion, striving to provide all children—regardless of background or circumstance—with access to high-quality educational opportunities. Their advocacy encompasses not only the academic success of students but also their social, emotional, and developmental well-being, recognizing that holistic education prepares children for the multifaceted demands of adulthood in an ever-changing global society.

NOW, THEREFORE, BE IT RESOLVED, that the Fresno County Board of Education and the Fresno County Superintendent of Schools do hereby recognize and express deep appreciation for the valuable contributions of school board members throughout Fresno County. In honor of School Board Recognition Month, January 2025, we extend our gratitude to these dedicated individuals whose vision, commitment, and integrity continue to shape the future of public education and contribute to the strength and unity of our community.
